

BRSC JUNIOR ACADEMY MOVE UP POLICY

Below is a brief description about the process we use at Boise Racquet & Swim Club to determine when players are promoted to the next court or level.

- 1 Only BRSC Pros can promote a junior player, not the Player or Parent.
- 2 The BRSC Pro Staff meets regularly to discuss which students will benefit from a change of levels.
- 3 We generally do not move up players with Technical Deficiencies even if they can beat better players.
- 4 The best player in the class does not automatically get moved up.
- 5 Specific Criteria used to evaluate players:
 - A. Age: Will the player be experiencing the same pace on balls in practice as in tournaments?
 - B. Coachability: Does the player accept recommendations of the Pro Staff or are they interested only in short term results?
 - C. Maturity: Will the player listen & behave in the class or are they a distraction to other players?
 - D. Commitment: Has the player made a commitment to increase their workload & practice?
 - E. Ability: Is the player's skill level appropriate for the next level?
