

## GAIL NORTHNESS

1. **Member since:** June 1981
2. **Involvement:** Weight Room 1, Tennis 2, Aerobics & Fitness 3, Swimming 4, and Children's Activities 5.
3. **Have you volunteered at BRSC**—My current volunteer experience includes helping to organize the new bridge socials on Wednesdays. Past volunteer experience is varied and extensive, running fundraisers and being a former Board member.
4. **Main strengths:** One strength I can bring to the Board is my past experience. I have served on many Boards of Directors in the Treasure Valley, from the Idaho Tennis Association, to the Idaho State Board of Dentistry. I have extensive post graduate educating and experience assisting businesses in organizing and streamlining their business practices. As a past member of the BRSC board I served as Treasurer, Secretary, and President.
5. **Vision:** The future of BRSC can be a bright one, centered on the philosophy that we will remain the premier tennis facility in the Treasure Valley. I would like to see a more cohesive group of employees who are proud to work at BRSC and who will build relationships with the members. In addition, I would like to work on broadening the Club's appeal to our members by focusing on physical, social and nutritional promotions to keep us all healthy and active as we age. It is also important to me to continue to promote the Club as a family oriented club where youth tennis players and swimmers can develop a healthy lifestyle. I feel it is important to recognize that a number of us who have been active for many years are now seeing our children and grandchildren learning to play tennis and swimming in the summer.
